

Churchill 10 Real Estate Limited Partnership

What does Churchill offer investors through the Churchill 10 Real Estate Limited Partnership?

The stated mission of Churchill in this investment structure is to provide an opportunity for smaller investors to participate in cash-flowing real estate investments in the same manner that large Institutions and Pension Funds invest. The Churchill team provides investors with an investment vehicle that incorporates a Tax Free Savings Account (TFSA) eligible and an RRSP/RESP eligible component in an extremely tax efficient structure, along with a Limited Partnership Unit, into one investment unit that enables investors to participate and benefit from owning revenue producing investment properties.

In 2008 the financial world changed, however, bricks and mortar are solid tangible assets that can produce consistent income. Assets you can see, feel and touch. We saw some excellent acquisition opportunities in 2009 and we are optimistic that these will continue

through 2010. Over the long term, incoming producing real estate has traditionally been an excellent investment. Most sophisticated investors have an allocation for real estate as an asset class in a balanced portfolio.

Who is responsible for the operations of Churchill Property?

The leaders of the Churchill team, Philip Langridge and Brad Wise, possess over 59 years of combined experience in all facets of real estate investment, real estate financing and management. These individuals have been responsible for nearly \$1 billion worth of real estate transactions, focusing on the Golden Rule of investing in real estate "PRESERVATION OF CAPITAL." The Churchill Property investment properties are intended to provide quarterly cash flow and create future added value. Notable transactions by Churchill Property include:

Holly Street Building Toronto, Ontario

Acquired June 2008 for \$11.8 million, well below replacement cost, when it was 30% vacant. Now 98% leased. Exceptionally well located 70,331 sq. ft. Class 'A' office building with 61 underground parking spaces, at Yonge St. and Eglinton Ave. near the Yonge St. Subway. This property was sold for \$14.0 million in 2009, closing in April 2010. Churchill was successful in signing 14 new leases in 18 months to create significant added value.

Maple Leaf Distribution Centre Saskatoon, Saskatchewan

Acquired in June 2009 for \$21.0 million, this refrigerated state-of-the-art cold storage distribution facility has a 39-foot clear freezer warehouse with computer guided forklifts. Churchill negotiated a 20-year, fully net long term lease with rent escalations every five years. This property was sold January 2010, for \$25.5 million, to a publicly traded REIT.

West Park Mall Quesnel, British Columbia

West Park Mall is a 108,749 sq. ft. neighbourhood mall. The property includes national tenants such as Save-On-Foods, Movie Gallery, Dominos Pizza and Easy Home. It has an excellent location, central to the majority of Quesnel's regional population base. The property was acquired in 2005 for \$6.0 million. The tenant profile is excellent and caters to every shopping need.

St. Anthony's Medical Centre Langford, British Columbia

Acquired December 2006 for \$5.7 million. It is a full service medical building with 20 tenants, including a pharmacy, MDS Lab and X-ray facilities. Today it is 90% leased. This property was sold for \$6,470,000 closing in April 2010.

Brampton Executive Centre Brampton, Ontario

Acquired January 2007 for \$11.2 million. This 6-storey, 79,000 sq. ft. office building is conveniently located next to the GO TRAIN station. The Bus Terminal is literally on the ground floor of the building. The City of Brampton leases over 50% of the building. Today it is 98% leased. This property was sold for \$14.0 million in 2009, closing April 2010.

The Paris Building Winnipeg, Manitoba

Acquired July 2007 for \$11.0 million, this 11-storey heritage office building is located in the very centre of downtown Winnipeg. It has a net rentable area of 91,000 sq. ft and is 100% leased. This property was sold for \$12.9 million in 2009, closing April 2010.

Churchill 10 Real Estate Limited Partnership

What are the advantages of investing with Churchill in the Churchill 10 Real Estate Limited Partnership?

Solid bricks and Mortar. An investment you can see, touch and feel. By investing with the Churchill Property team, individual investors benefit from economies of scale and the breadth of industry knowledge and experience of Churchill who have a proven track record. Individual investors do not bear the full costs associated with real estate due diligence; including engineering and environmental reports, market studies, appraisals, financial audits, legal analyses and mortgage financing costs. Further, investors benefit from the low fee structure and aligned interests of the General Partner in providing a diversified real estate portfolio and over 59 years of professional management experience.

What is the Track Record of those responsible for Churchill Property investments?

In over 59 years of combined experience, the principals and management of Churchill have NEVER LOST AN INVESTOR'S MONEY. Each investment has returned all original principal and a profit. The track record includes the successful acquisition of 63 properties from 1973 to 2010, and the successful sale of 29 of these assets. The average return generated for investors over this period has been 15%, exceeding the average targeted annualized return of 12-14%.

How is Churchill managing the portfolio of properties in these challenging economic times?

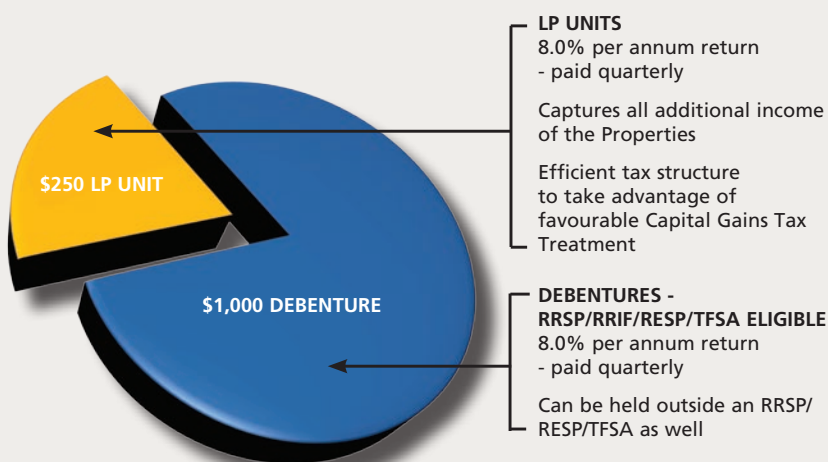

By pursuing a balanced portfolio approach, Churchill's current occupancy level, despite some tenants' business failures, is still 93% across their portfolios (March 2010). Our Investors benefit from a portfolio of quality real estate assets that are diversified by asset class (office, retail and industrial) and geographic location across the country. Since the summer of 2008, Churchill has worked successfully on tenant retention, renewing leases where possible for up to ten years.

What is the minimum allowable investment?

One unit is \$1,000 debenture and a \$250 LP unit. The minimum required investment is \$5,000 (4 debenture units and 4 LP units). Additional units @ \$1,250 can be added.

Example based on a \$100,000 investment

Equity Breakdown for 80 Units \$100,000

Why is the investment structured with a \$250 Limited Partnership Unit and a \$1,000 Debenture?

Churchill has successfully utilized this structure for the past seven years and has found that it works extremely well for Tax Efficiency. Investors are able to utilize their RRSP/RESP/TFSA assets to purchase the Debenture, while using unregistered money to purchase the LP Unit. This permits the tax deferred flow of Debenture interest to the RRSP/RESP tax deferred account, while permitting capital gains upon sale to flow to the LP Unit where it will be taxed at the preferred lower Capital Gains tax rate rather than the higher Income Tax rate on RRSP/RESP withdrawals.

Who underwrites this offering?

Dundee Securities Corporation, Scotia Capital and Raymond James Inc.

How can I use my RRSP or RESP money to invest in Churchill 10 Debenture Corp.? Can I also put Churchill 10 Debentures into my new Tax Free Savings Account (TFSA)?

Investors can use their RRSP/RESP money to purchase Debentures by making a new contribution to their RRSP/RESP, purchasing a Debenture and then swapping this investment with cash inside the RRSP/RESP, or using existing cash inside your RRSP/RESP to acquire a Debenture. Churchill Debentures are also eligible for the TFSA. Churchill Property's golden rule: PRESERVATION OF CAPITAL.
